PREFACE.

THIS volume contains complete Abstracts of the Inquisitiones post mortem taken from the Miscellaneous Series now preserved in the Public Record Office, London.

As a full account of Inquisitions post mortem was given in the preface to vol. ix. of the Index Library, there remains but little to be said concerning them, except to repeat that they give much useful information both concerning the genealogy of the deceased person, as well as of the topography of the county, for these Inquisitions abound in field-names, manors and hamlets, some of which can still be traced to-day, while others have completely disappeared.

With this volume is brought to a close the whole of the Inquisitions taken between the first and eighteenth years of King Charles I., after which date the practice was discontinued, nearly every feudal custom coming to an end during the Commonwealth.

INTRODUCTION.

THE present volume comprises the Calendars of the Wills proved and Administrations granted in the CONSISTORY COURT of the Dorsetshire Division of the old Diocese of Bristol, from 1681 to 1792, those in the ARCHDEACONRY COURT OF DORSET, from 1568 to 1792, and the following Peculiar Courts :—

PECULIAR COURT OF CANFORD MAGNA AND POOLE,
 PECULIAR COURT OF CORFE CASTLE,
 COURT OF THE ROYAL PECULIAR OF MILTON ABBAS,
 PECULIAR COURT OF STURMINSTER MARSHALL,
 PECULIAR COURT OF WIMBORNE MINSTER,

all of which are now deposited in the Probate Registry at Blandford.

The old Diocese of Bristol was created in the year 1542, and included, besides other territory, a large part of the County of Dorset which had originally belonged to the Diocese of Sarum. The remainder of the county continued subject to the jurisdiction of several Peculiar Courts attached to the Diocese of Sarum. As the records of the Consistory Court of Sarum do not begin so early as 1542, the question of Dorset Wills proved in that Court before that date cannot arise.

The following is an exhaustive list of such Dorset parishes, etc., as are within the separate jurisdiction of the various Sarum Peculiar Courts. The documents relating to these Peculiars are preserved at Somerset House, London.

The Calendars of Wills, etc., in the Peculiars given in the above list, though relating to Dorset, will not appear in print until the examination of the records of the Diocese of Sarum is completed, for however desirable it would be to separate them, and thus have one volume containing Dorset Testamentary Documents only, yet they are so mixed up with many other Peculiars not relating to this county that it is impossible at the present time to print them.

The old Diocese of Bristol was reconstituted in 1836, at which time the County of Dorset was restored to the See of Sarum, to which it had anciently belonged. These ecclesiastical rearrangements, however, did not in any way affect the various testamentary jurisdictions. The Consistory Court of the Dorsetshire Division of the old Diocese of Bristol remained separate as before, and the jurisdiction of the Archdeaconry Court of Dorset continued without change.

Calendars of the Wills proved in the Prerogative Court of Canterbury between the years 1383-1584 forms three volumes* of *The Index Library*, and should also be consulted for Wills of Dorset people who died within that period.

It may also be noted here with advantage that lists of Dorset Administrations granted in the Prerogative Court of Canterbury from 1559-1725 have appeared in *Somerset and Dorset Notes and Queries*.†

All the documents calendared in this present volume, whether Wills, Administrations or Inventories, etc., are not transcripts, but are the original documents themselves, and, generally speaking, they are in good order and preservation.

When it is considered what vicissitudes the town of Blandford has witnessed, it is astonishing that so many documents are still in existence. Blandford has been consumed by fire, wholly or in part, no less than four times, namely, in 1579, 1677, 1713 and 1731; and in 1644 it was pillaged by the Parliamentary forces under Major Sydenham. Again, as late as October, 1831, owing to the great excitement and agitation of the agricultural population of the town and neighbouring villages against the

employment of machinery on the farms, Blandford was in the hands of a mob for three days. Two of the principal solicitors' offices, namely, those of Mr. George Moore in Salisbury Street and of Mr. S. Smith in The Plocks, were ransacked, and books and papers strewn about the streets. Mr. S. Smith was Registrar of the Court of the ancient Diocese of Bristol at that time, and Wills and other records shared the fate of the books, etc., many now bearing evidence of having been trampled upon and trodden under foot in the mud. It is, therefore, scarcely to be wondered at that gaps and *lacune* should occur in the testamentary documents of this Court.

Permission to print these Calendars was given by the Right Hon. Lord Hannen, late President of the Probate Division; and thanks are due to the Chief Clerk at the Blandford Registry (Mr. H. J. Coward), for facilities accorded in transcribing the original Calendars.

The information concerning the Calendars of the Peculiars in the Sarum Diocese has been compiled from a Catalogue prepared by the Record Keeper of the Testamentary Documents of that Diocese at Somerset House, and with his kind permission.

NOTES ON THE ADDITIONAL DOCUMENTS IN THE PECULIAR OF CORFE CASTLE.

The Calendar of Additional Documents referring to this Peculiar given on pp. 255-268 were till 1899 in the custody of the Rector of Corfe Castle. It is rather difficult to account for their being in private hands till so recent a date, for the Act of 20-21 Victoria (A.D. 1857), cap. 77, entitled "An Act to amend the law relating to Probates and Letters of Administration," ordered that all documents in the hands of officials of Peculiars or Manorial Courts were to be deposited in the custody of the Registrar of the district.

It is just possible that the official in charge at the time was by some omission not requisitioned to deliver up the documents in his charge, though it is still a mystery why there were even in 1830 (*see Returns Respecting the Jurisdiction, Records, etc., of Ecclesiastical Courts, 1830, a Blue Book, No. 205, p. 38*) some documents relating to this Peculiar at the Blandford Probate Registry.

Until Rev. G. Bartelot (then Curate at Corfe Castle and now Rector of Thurloxton, Som.) took an interest in them a few years ago, most of the records were in a very confused and rotten state, but with much patience and care they have been flattened, dried and properly arranged, and are now available for consultation.

The Calendar now printed is a full list of all the documents in Bundles 1-5 (1576-1766), and such of those in Bundles 6 and 7 as do not appear in Nos. 1-5. The Act Books, Bundles 11-17, have been compared with the documents in Bundles 1-5, and any not appearing there are noted separately in the list preceding Bundle 1. The Executors' Accounts and Citations have not been calendared.

All the above Records, Bundles Nos. 1-17, have now been deposited at the Probate Registry at Blandford.
